

KAT Snow Route Information

Regular Snow Routes

When winter weather makes roads dangerous for driving, KAT buses will run on Snow Routes; Snow Routes are slightly altered routes that keep our passengers moving and safe.

Following is a list of each KAT route and how that route is affected when we are running on Snow Routes.

For all routes shaded in blue, which have alternate snow routes, there are also maps indicating the alternate routing (except for Rt. 90, which runs on regular routing, but doesn't enter Northgate Towers).

If the weather is bad, just tune into your local radio station or TV channel to find out if KAT is currently operating on Snow Routes. You can also call us at 637-3000. The information can also be found on our website (katbus.com), on our Facebook page, or by following KAT on Twitter.

Severe Conditions Snow Routes

If the weather gets really bad, KAT starts running on "Severe Conditions Snow Routes." When this happens, service will be provided ONLY on the major corridors of Knoxville:

Kingston Pike (to Peters Road), Chapman Highway (to Chapman Plaza), Magnolia Avenue (to Chilhowee Dr.), Broadway (to Essary), Central Avenue (to Woodland), and Western Avenue (to I-640 Plaza).

During Severe Conditions, all passengers ride free.

KAT Snow Route Information

Route 10: Sequoyah No service. Passengers should use Route 11: Kingston Pike.	Route 11: Kingston Pike SNOW ROUTE: --Detours around State Street; from Main, takes Walnut to Church into Transit Center.
